Congressman,

MAR 11 1983

I am writing to you about
a concern of mine. My
husband Fred Fathus is
undergoing treatment for cancer;
it has been diagnosed as
Lymphoma.

On my block, on the same
side of the street of 10 houses
4 houses have been struck down
with cancer. It is my belief
that it has something to do with
3 Mile Island. Radiation kills
normal cells as well as cancer cells
2 people have died with cancer. Currently
my neighbor next door is also being
treated for cancer as well as my husband.
In Mc Sherrystown the next
borough over there have been

various cases of cancer.

I am writing to you about
my concern. Please have
someone to come in and
check our water or whatever
they think may be the problem.

The doctor said it was cause
by a toxic.

Thank you,

Mrs. Merle Feathers

Rd 2 Box 9 Heritage Dr.

Hanover, Pa. 17331
