MEMORANDUM FOR: William O. Miller, Chief  
License Fee Management Branch  
Office of Administration

FROM: Yvonne A. Young, Project Manager  
Licensing Branch I  
Uranium Recovery Field Office, RIV

SUBJECT: FEE EXEMPTION FOR AMENDMENT NO. 16, OGLE PETROLEUM, INC.,  
(OPI)

By letter dated October 5, 1982, Ogle Petroleum, Inc. (OPI) submitted information (a statistical report of the first twelve months of employee radiation exposure data by work classifications, including monthly exposure data, for the period August 1, 1981 through July 31, 1982) as required by License Condition No. 21.

By letter dated March 1, 1983, the URFO staff issued Amendment No. 16 to Source Material License SUA-1396 which deleted License Condition No. 21 because the requirement of License Condition No. 21 was fulfilled. This amendment was initiated by the staff to eliminate this outdated license condition, and is exempt from fees.
