Dear Dr. Takumi:

Per your letter dated May 9, 1994, we approve your request for Mr. Tagawa as a replacement for Mr. Kinoshita and to act as a liaison engineer from NUPEC to the Brookhaven National Laboratory. We are pleased to approve Mr. Tagawa's participation in the high temperature hydrogen combustion research program at BNL and look forward to continue the same arrangement and cooperation that we had with Mr. Kinoshita.

Sincerely,

Farouk Eltawila, Chief
Accident Evaluation Branch
Division of Systems Research
Office of Nuclear Regulatory Research
