Pls prepare a letter
approving*

Dear Dr. Eltawila :

According to the initial plan about the high-temperature hydrogen combustion research program in BNL, I hope the participant Mr. Kinoshita will return to NUPEC in June and a new participant Mr. Tagawa will go to BNL at about the middle of June. I request your approval of the change of the participant. I greatly appreciate your consideration for Mr. Tagawa's staying at BNL.

Please inform your approval of the change to BNL's staff and me.

Sincerely yours,

Kenji Takumi
