Dear Sir:

The NRC was notified of a potentially reportable deficiency in Reference (A), an Interim Report was transmitted by Reference (B), and Time Extensions were requested by Reference (C) and Reference (D). At that time, it was estimated that a Final Report would be available by April 14, 1983.

Due to the extensive evaluation required, it is now expected that this information will be finalized by May 24, 1983, when a complete report will be submitted.

There is no change to the Interim Report at this time.

Very truly yours,

E. E. Van Brunt, Jr.
