OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

James P. Gleason, Esq.
Administrative Judge
Atomic Safety and Licensing Board
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

In the Matter of
Umetco Minerals Corporation
(Source Materials License No. SUA-1358)
Docket No. 40-8681-MLA-3

Dear Administrative Judge Gleason:

On June 10, 1994, the NRC Staff filed "NRC Staff's Response to Requests for Hearing Filed by Steve Erickson for Downwinders, Inc. and by Norman Begay." By this letter, I wish to correct two incorrect distance estimates provided in that document.

In footnote 8 on page 10 of the Staff's Response, the approximate distances from Salt Lake City to Blanding and Monticello were incorrectly stated to be "about 135 miles" and "about 125 miles," respectively. These distances should have been stated to be "about 250 miles" and "about 235 miles," respectively.

I regret any inconvenience this error may have occasioned.

Sincerely,

Sherwin E. Turk
Counsel for NRC Staff
