

NOTICE OF VIOLATION

General Services Administration
Washington, D.C. 20407

Docket No. 030-19256
License No. 08-13066-03

As a result of the inspection conducted on March 28, 1983, and in accordance with the NRC Enforcement Policy (10 CFR 2, Appendix C), the following violations were identified:

- A. Condition 17 of License No. 08-13066-03 requires that licensed material be possessed and used in accordance with statements, representations and procedures contained in application dated June 19, 1977.

Item No. 7 of this application names John E. Smith as the Radiation Protection Officer.

Contrary to the above, as of March 28, 1983, an individual other than John E. Smith (deceased) was acting as the licensee's current Radiation Safety Officer.

This is a Severity Level V violation (Supplement VI).

- B. Condition 15 of License no. 08-13066-03 requires that the licensee conduct a physical inventory every six months to account for all sealed sources. In addition, the records of these inventories shall be maintained on file for two years.

Contrary to the above, as of March 28, 1983, the required physical inventories had not been conducted.

This is a Severity Level V violation (Supplement VI).

- C. 10 CFR 19.11(a) and (b) require that current copies of Part 19, Part 20, the license, license conditions, documents incorporated into the license, license amendments and operating procedures be posted, or that a notice describing these documents and where they may be examined, be posted.

Contrary to the above, on March 28, 1983, neither the documents nor the notice were posted.

This is a Severity Level V violation (Supplement VI).

Pursuant to the provisions of 10 CFR 2.201, General Services Administration is hereby required to submit to this office within thirty days of the date of the letter which transmitted this Notice, a written statement or explanation in reply, including: (1) the corrective steps which have been taken and the results achieved; (2) corrective steps which will be taken to avoid further violations; and (3) the date when full compliance will be achieved. Where good cause is shown, consideration will be given to extending this response time.
