RE: Docket No. 40-2061

Dear Mr. Spelman:

The purpose of this letter is to confirm my visit to the Kerr-McGee facility in West Chicago to examine the buildings identified in the License Amendments No. 5 and No. 6. I plan to schedule my visit to arrive at the plant at 10:00 a.m. on November 17, 1982. I will be accompanied by Mr. Robert L. Fonner and Mr. William A. Nixon of the Nuclear Regulatory Commission.

The visit will be limited to a visual walk-through to gain a perspective on the actions identified in Amendments No. 5 and No. 6 of Docket No. 40-2061. Following the visit to the site I would like to have an informal conference to discuss the procedures on how this hearing will be conducted.

I look forward to meeting with you and your designated representative.

Sincerely,
