Dear Mr. Scurry:

In accordance with Section 3507 of Public Law 96-511 of December 11, 1980, and regulations of the Office of Management and Budget, I am enclosing for OMB review copies of Standard Form-83 and the Supporting Statement covering reporting and recordkeeping requirements for 10 CFR Part 100, Appendix A, "Seismic and Geologic Siting Criteria for Nuclear Power Plants."

The estimated respondent burden is 67,000 hours annually for three years.

In accordance with NRC's procedures, my staff has made an independent review of the practical utility and necessity for the proposed information collection and we are in concurrence with this proposal. We have also reviewed for duplication and found no similar requirement in the agency. Therefore, we are transmitting this material for appropriate OMB review and approval.

Sincerely,
