

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

JUN 22 1993

REMINDER TO NRC MATERIALS LICENSEES

We have not, to date, received a response to the questionnaire we mailed to you on May 7, 1993. The questionnaire solicits information that would allow us to more accurately evaluate the impact of regulatory actions on your organization. In the event that you have misplaced the original questionnaire, we have enclosed a duplicate and another business reply envelope.

If you have already sent in your response, please disregard this reminder. If you have not yet responded, please return the completed questionnaire by July 21, 1993.

If you have any questions about this questionnaire, please contact Mark Hattrup or Robin Eckert at (509) 372-4413. This is a new telephone number and should be used instead of the number printed in the questionnaire.

This collection of information has been approved by the Office of Management and Budget, OMB approval number 3150-0174.

Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Information and Records Management Branch (MNBB-7714), U.S. Nuclear Regulatory Commission, Washington, DC 20555, and to the Paperwork Reduction Project (3150-0174), Office of Management and Budget, Washington, DC 20503.

Sincerely,

Donnie H. Grimsley, Director  
Division of Freedom of Information  
and Publications Services
