

March 10, 1978

NOTE FOR ALAN ROSENTHAL, ASLAP

We have checked with Mr. Frank Ballard, Commissioner - Department of Building and Grounds for Onondaga County, regarding the use of our "trial" camera policy in connection with the April 12 Oral Argument in the Sterling proceeding. Mr. Ballard has no objection to the use of cameras in the Fifth Floor Auditorium, Public Safety Building, 511 South State Street, Syracuse. Accordingly, if you have no objections, the "trial" camera policy will be in effect and Karl Abraham, our Region-I Public Affairs Officer, will be present to work with the media. We also will note in the public announcement of the Oral Argument--a draft will be sent to you for review in a few days--that cameras may be used under the conditions set forth in the policy statement.
