UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

July 13, 1978

MEMORANDUM FOR: James Yore, ASLBP  
FROM: Frank L. Ingram, OPA  
SUBJECT: CAMERA COVERAGE AT ASLB HEARINGS

The enclosed copy of a memorandum to me from Clyde Wisner is self explanatory. While, in this case, everything turned out as it should have, we could have had a disaster on our hands. Our understanding was that OPA would take the responsibility for determining if the NRC's "trial" camera policy could be applied in individual facilities chosen by Licensing Boards for their public proceedings. I hope that we can keep it that way in view of the old saying that "too many cooks spoil the broth," or something like that.
