Dr. Nicholas G. Chrysochoides
Greek Atomic Energy Commission
Aghia Paraskevi
Attiki, Greece

Dear Nicholas:

I am enclosing some documents which should be of interest to you relative to siting policy. One is the Report of the Siting Policy Task Force and the other is the briefing slides used during the presentation to the Commission. You will note that some of the recommendations follow the concepts developed for siting in Greece.

As you probably know, we are very busy with Three Mile Island issues, application to other plants, and the clean-up and recovery operations. If there is any information on the TMI situation that you would like, let me know and I will get it for you.

Best regards to your family.

Sincerely,

A handwritten signature in cursive script, appearing to read "R. Vollmer".
