SUBJECT: CHANGES TO THE FORT CALHOUN STATION RADIOLOGICAL EMERGENCY RESPONSE PLAN

We have received your letter dated April 26, 1994, which transmitted changes to the Fort Calhoun Station Radiological Emergency Response Plan. The plan revision was submitted pursuant to 10 CFR 50.54(q) and incorporated the following changes: (1) supporting agency name changes, (2) Federal agency emergency response plan changes, (3) offsite agency response center changes, (4) communication system changes, (5) organizational name and title changes, (6) accountability process changes, (7) emergency preparedness responsibility changes, and (8) editorial changes.

We have reviewed the revision and have determined that the changes are acceptable and do not appear to degrade the effectiveness of your emergency planning at Fort Calhoun Station.

Should you have any questions concerning this letter, please contact Ms. Gail M. Good at (510) 975-0240.

Sincerely,

Samuel J. Collins, Director
Division of Radiation Safety
