Subject NRC Offices in Administration Building

To R. F. Wilson

Location TMI/WMA TMI-II-R-2896

As you requested, I contacted John Collins to determine his feelings regarding housing the NRC site staff in the Administration Building. He does not have any objections to being in the Administration Building.

The spaces requirements are as follows:

- 3 closed offices (John Collins and 2 section chiefs)
- 15 Inspection and Technical Support personnel
- 3 clerical personnel
- 1 Conference Room

I have already passed this information on to Jim Thiesing of Bechtel.
