

distributed to all NRC personnel 10/31

Inter-Office Memorandum

Date: October 26, 1979

Subject: THREE MILE ISLAND UNIT 2 RECOVERY
PARKING OF VEHICLES

To: DISTRIBUTION

Location: Three Mile Island

File Administration 50-320

As part of the continuing effort to reduce congestion and promote safety in the Unit 2 area, a parking plan has been developed for the vicinity of Trailer City (see attached sketch).

Effective October 25, 1979, those Company, contractor, and government vehicles, and vehicles of handicapped persons, with permits, will utilize only the parking area designated on the attached sketch. Parking is strictly prohibited along all security fences, and will be enforced by plant security. Vehicles with permits that cannot be accommodated will utilize the north or south parking areas.

We will appreciate your cooperation and hope that these restrictions will cause you little or no inconvenience.
