MEMORANDUM FOR: NRC/TMI TECHNICAL SUPPORT STAFF
FROM: John T. Collins, Deputy Director,
NRC/TMI Technical Support Staff
SUBJECT: PROJECTED STAFFING SCHEDULE FOR THE MIDDLETOWN OFFICE
ON WEDNESDAY EVENINGS

Reference memorandum, NRC/TMI-80-029, February 19, 1980.

A schedule has been developed specifying dates for your assignment to the Middletown office. This schedule was based upon a review of each individual's schedule for leave, training and work assignment. There should be a minimum of interference with those scheduled activities. In the unlikely event of conflict you can substitute for each other. There may be occasions when I will request more than one person to cover the office or request a specific individual. At those times you will be notified.

The experience you gain in this assignment should prove to be beneficial to you and the local citizens who will be in contact with you.
