

RCA/Solid State Division
ATTN: Mr. Robert Cappadona
Health and Safety Engineer
Route 202
Somerville, NJ 08876

Gentlemen:

This refers to your letter dated December 11, 1987, informing the Commission that RCA Corporation and GE Solid State Incorporated have merged.

If RCA Corporation was purchased in its entirety by GE Solid State, Inc., and if RCA Corporation will cease to exist as a separate entity, the change of ownership will be processed as amendments to Materials Licenses 29-04563-02 and 29-04563-03, for which amendment fees totalling \$240 are required as specified in fee Categories 3E (\$120) and 3B (\$120) of §170.31 of the enclosed 10 CFR 170. In this case, please submit the additional information requested in Items 1 through 5 of Enclosure 2. However, if RCA Corporation will continue in business as a separate entity, it will be necessary for GE Solid State, Inc. to obtain a new license, and RCA Corporation should request either a license amendment or termination, as appropriate. A copy of NRC Form 313 is enclosed for your use in applying for the new licenses, if appropriate. You should contact the appropriate Regional Office listed on the NRC Form 313 for copies of regulatory guides and for other licensing information. The applications for the new licenses should be accompanied by application fees totalling \$980 as specified in §170.31, fee Categories 3E (\$230) to replace License 29-04563-02, and 3B (\$460) and 3I (\$290) to replace License 29-04563-03.

The clarifying information for the amendments, or the completed application forms for the new licenses, as applicable, should be mailed to my attention at our Washington, D.C address and should be accompanied by the appropriate fees specified above. Upon receipt of the additional information and fees, your requests will be forwarded to the Licensing staff for processing.
