Subject: Task 8 - Natural Circulation Stability

Gentlemen:

Enclosed is a copy of the Natural Circulation Stability Study performed by B&W. This work is in response to a request made by GPU following the May 3, 1979 "B" Loop perturbation at TMI-2.

If you have questions on this report, please advise.

Very truly yours,

THE BABCOCK & WILCOX COMPANY

G. E. Kulynych  
Program Manager
