July 19, 1979

Mr. Harold Denton  
Nuclear Regulator Commission  
Washington, D.C.

Dear Mr. Denton:

As a member of the Harrisburg Chapter of the Data Processing Managers Association, I have volunteered to contact you regarding the possibility of speaking to our group.

Our members include Data Processing managers in Harrisburg and the surrounding area. We are particularly interested in the newest technological advances in our field and feel that nuclear applications would be an exceptionally interesting topic for our members particularly due to the extra awareness of all residents in this area to nuclear energy. Naturally, Herman the Robot and the whole TMI operation is of special interest.

I would like to invite you to be our dinner guest and speaker on any of the following dates:

- November 15, 1979
- April 17, 1980
- May 15, 1980

I appreciate your consideration and hope that you can fit such an engagement in your schedule.

Sincerely,

*Gayle J. Yaverbaum*

Mrs. Gayle J. Yaverbaum  
Computer Applications  
Business Program  
The Pennsylvania State University  
The Capitol Campus  
Middletown, Pennsylvania 17057

Dear Mrs. Yaverbaum:

This is in response to your letter of July 19, 1979 to Mr. Harold Denton in which you extended a warm invitation to Mr. Denton to be your dinner guest and speaker before the Harrisburg Chapter of Data Processing Managers. Unfortunately, Mr. Denton will be unavailable for the meeting on November 15, 1979 and has asked me to take his place. At the present time, I am the Deputy Director, TMI Support staff for the NRC and I have been at the TMI Station regularly since March 30, 1979. If this meets with your approval, I will be pleased to attend your dinner meeting on the evening of November 15, 1979.

Sincerely,

*John T. Collins*  
John T. Collins, Deputy Director
