Sir:

This refers to the management meeting held with you and Mr. J. Aal of your staff and Messrs. R. Pate and H. Chaney, of this office, at your Bakersfield, California office on April 19, 1990. The meeting was related to the inspection findings (NRC Inspection Report 90-001) of your activities conducted at Vandenberg Air Force Base, California on February 2, 1990, under a general NRC license granted per 10 CFR 150.20. The findings of this inspection and our concerns about your radiography program were forwarded to you by letter on March 5, 1990. Subjects discussed during the meeting are described in the report which is enclosed for your information.

As discussed with you at this meeting appendix A contains a Notice of Violation (NOV) covering the apparent violations referenced in the NRC Inspection Report (90-01). The meeting minutes, appendix B, contains several apparent violations that are being classified as noncited violations in accordance with the guidance contained in Section V.A. of the "General Statement of Policy and Procedures for NRC Enforcement Action," 10 CFR 2, Appendix C (1990). Due to the completeness of your self initiated written response and a site review of your corrective actions to the apparent violations identified in the NRC Inspection Report no further response will be required to the appendix A violations.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and its enclosures will be placed in the NRC Public Document Room.
