REMARKS
 Enclosed are copies of the only complete official reading file from June through December 1979 for the TMI Program Office. Under separate cover are two additional packages completing this file.

I recommend that these be placed through the TERA system to ensure that each piece is on file within NRC. Also, we would like these placed on microfilm and filed with the rest of the TMI Program Office material.

If you have any questions, please contact me.

DO NOT use this form as a RECORD of approvals, concurrences, disposals, clearances, and similar actions
