

August 4, 1979

NOTE TO: J. H. Sniezek, IE

I note that your recent letter to Michael Klingler of the Three Mile Island Alert, for which we also had action, contains data which is in contradiction to values described in PNO's and NRR reports.

In the future, the TMI Support Group should be on concurrence and distribution for such correspondence, particularly if description of licensee's program and plans is involved.

Richard H. Vollmer, Director
TMI-2 Support
