July 25, 1979

Mr. Marvin Lewis
6504 Bradford Terrace
Philadelphia, Pennsylvania 19149

Dear Mr. Lewis:

This is in response to your letter of July 4, 1979 concerning the addresses of Drs. Madeco and Litotitz of Catholic University who you indicated were working on the filtration of Three Mile Island Unit No. 2 radioactive water under an ORNL-NRC contract. This is to advise you that the NRC nor ORNL have had or presently have a contract with the Catholic University to examine the cleanup of water from TMI Unit 2. I would suggest that you contact Catholic University in an effort to obtain the addresses of the individuals you mentioned in your letter.

Sincerely,

John T. Collins, Deputy Director
TMI-2 Support
