 DOCKETING & SERVICE
 BRANCH

Dear Ms. Wilmoth:

This replies to your letter dated June 17, 1994, inquiring as to our response to Intervenor's second set of interrogatories to the NRC Staff. Under 10 C.F.R. § 2.720(h), the Staff is only required to answer interrogatories if a presiding officer finds that the answers "are necessary to a proper decision in the proceeding" and that the answers "are not reasonably obtainable from any other source." Please be advised that the Staff intends voluntarily to respond to your interrogatories filed May 17, 1994, but has not yet completed its response.

The Staff is also currently preparing its response to Intervenor's Request for Admissions regarding OI's Investigation Report on reporting of diesel starts following the site emergency on March 20, 1990.

We hope to complete our responses to each of Intervenor's requests in the near future.

Sincerely,

Charles A. Barth
