

APPENDIX A

NOTICE OF VIOLATION

Southwood Community Hospital  
Norfolk, Massachusetts 02056

Docket No. 030-19406  
License No. 20-20554-01

As a result of the inspection conducted on November 8, 1990, and in accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C (Enforcement Policy) (1990), the following violation was identified:

10 CFR 35.315(a)(7) requires that, for each patient receiving radiopharmaceutical therapy and hospitalized for compliance with 10 CFR 35.75, the licensee survey the patients room and private sanitary facility for removable contamination before assigning another patient to the room.

Contrary to the above, rooms with private sanitary facilities assigned to patients for compliance with 10 CFR 35.75, who received radiopharmaceutical therapy on February 12, August 23, and September 6, 1990, were not surveyed for removable contamination before assigning other patients to the rooms.

This is a Severity Level IV violation. (Supplement VI)

Pursuant to the provisions of 10 CFR 2.201, Southwood Community Hospital is hereby required to submit to this office within thirty days of the date of the letter which transmitted this Notice, a written statement or explanation in reply, including: (1) the corrective steps which have been taken and the results achieved; (2) corrective steps which will be taken to avoid further violations; and (3) the date when full compliance will be achieved. Where good cause is shown, consideration will be given to extending this response time.
