FREEDOM OF INFORMATION
ACT REQUEST

FOIA-82-496
Rec'd 10-20-82

Director
Division of Rules and Records
United States Nuclear Regulatory Commission
Washington, D.C. 20555

Re: Freedom of Information Act
Request Re Zion Nuclear Station

50-295
50-304

To the Director:

Under the provisions of the Freedom of Information Act 5 U.S.C. 552, I am requesting access to all records on embrittlement, thermal shock, corrosion and cracking of the reactor pressure vessel at the Zion nuclear power station in Zion, Illinois. This request includes all records which refer or relate to these problems--whether or not such records specifically identify that plant or company.

If there are any fees for searching for, or copying the records I have requested, please inform me before you fill the request.

As you know the act permits you to reduce or waive fees when the release of the information is considered as "primarily benefiting the public." I believe that this request fits that category and I therefore ask that you waive any fees.

If all or any part of this request is denied, please cite the specific exemption which you think justifies your refusal to release the information and inform me of the appeal procedures available to me under the law.

I would appreciate your handling this request as quickly as possible, and I look forward to hearing from you within 10 days, as the law stipulates.

Sincerely,

Catherine Quigg, research director
