Dear Ms. Kinkade:

SUBJECT: PROJECT PROCEDURE MANUALS OF THE PERRY NUCLEAR
 POWER PLANT (UNITS 1 AND 2)

This is to acknowledge your memo to Mr. A. Schwencer dated November 16, 1982 in which you clarified the procedure for ensuring that superseded CEI document transmittals are controlled. In the future, document pages superseded with your transmittals will be returned as requested. While we have not retained previous superseded materials (more recently, the CEI Corporate Nuclear Quality Assurance Program Manual Changes), the changes have been incorporated in our copy.

Effective November 22, 1982, all such future transmittals should be addressed to B. J. Youngblood, Chief, Licensing Branch No. 1. Your submittals should be sent directly to me for efficiency. Either I or Mr. Youngblood will sign for receipt and return of superseded materials per this procedure.

Sincerely,

151

John J. Stefano, Project Manager
