In the Matter of
GEORGIA POWER COMPANY, et al.
(Vogtle Electric Generating Plant, Units 1 and 2)
Docket Nos. 50-424-OLA-3 and 50-425-OLA-3

Dear Judge Bloch:

The Staff suggests that a topic to be discussed at tomorrow's meeting among the Board and parties is the scope of subject matter upon which questions may be propounded in discovery. In spite of past orders by the Licensing Board (e.g., Memorandum and Order, dated June 2, 1994), it is apparent that this matter is not understood by the parties.

Questioning during depositions has included issues not currently admitted in this proceeding.

Sincerely,

Charles A. Barth
Counsel for NRC Staff
