LACROSSE BOILING WATER REACTOR SPER REVISION

Revision to First Paragraph of Section 2.2.

2.2 Training

The training program and critical security tasks and duties for the security organization personnel is defined in the LaCrosse Boiling Water Reactor Guard Training and Qualification Plan which meets the requirements of 10 CFR Part 73, Appendix B for the training, equipping and requalification of the security organization members. The training program provides a commitment to preclude the assignment of any member of the security organization to a duty prior to his being trained, equipped and qualified to perform the assigned duty in accordance with the approved guard training and qualification plan.
