 Vice President and Director
 Oyster Creek Nuclear Generating Station
 Post Office Box 308

Dear Mr. Fiedler:

SUBJECT: RADIOLOGICAL FIELD OPERATIONS TRAINING PROGRAM

Oyster Creek Nuclear Generating Station

We have reviewed your May 6, 1982 submittal for the Oyster Creek Nuclear Generating Station which describes the qualification/training program for Radiological Control Group Foremen and Technicians. We find the program for technician qualification to be acceptable. In a conference call on October 8, 1982, you proposed certain qualification program changes that would require four years experience in radiological controls for radiological control foremen. Subject to this four-year criteria being implemented in the qualification program, we find the qualification criteria for foremen to be acceptable. Enclosed is our Safety Evaluation Report documenting this conclusion.

Sincerely,
