Gentlemen:

SUBJECT: ANNUAL EMERGENCY PREPAREDNESS EXERCISE SCHEDULED FOR AUGUST 17,
1994

In accordance with the recent changes to the inspection guidance for the evaluation of exercises for power reactors, we are not planning a Regional based team evaluation of your non-FEMA-observed exercise this year. Portions of this exercise may be observed by the Resident Inspector. Accordingly, there is no requirement to submit your exercise scope and objectives and scenario packages to us for review. The above documents will be subject to review during routine or special emergency preparedness inspections.

The above information is provided to assist you in your exercise planning. Other circumstances (e.g., management concerns, actual events, or allegations) could result in our observing your exercise with more than the Resident Inspector staff. Should this occur, we will coordinate with your staff for receipt of the exercise scenario documentation at a later date.

Should you have questions concerning this matter, we will be glad to discuss them with you.

Sincerely,

William E. Cline
for

William E. Cline, Chief
Radiological Protection and
Emergency Preparedness Branch
Division of Radiation Safety
and Safeguards
