November 8, 1982

U.S.N.R.C.
Region III
799 Roosevelt Road
Glen Ellyn, IL. 60137

ATTN: D.G.Wiedeman, Chief

This letter refers to your letter dated August 24, 1982 and items listed as violations in the Appendix.

1. Labels

(A) Corrective action is the elimination of the label requirement and affidavit card. Nite-Site, Inc., has always felt the affidavit cards are more effective in pointing out the importance of the label to our customers. Meaning both informative and ensuring the label stays on the weapon and whereas the N.R.C. has now considered the affidavit program unacceptable, Nite-Site, Inc. will eliminate the affidavit cards.

(B) Nite-Site, Inc. and its representatives will attach all labels.

(C) Date of full compliance - January 1, 1983.

2. Three year wipe test

(A) The number of three year wipe test samples was estimated as 50% because the exact figure was listed in the original records sent to International Energy Associates in Washington, D.C. on January 4, 1982. These records were not returned and were claimed as lost.

(B) Nite-Site, Inc. has made effort to repeat the three year wipe test and has sent out informative letters to all known customers. The returned wipe test filter papers will be measured by the 3M Company.

(C) Date of full compliance - based on the success of the returns of the filter papers, January 1, 1983.

3. Appendix D of 10 CFR 20

(A) Appendix D of 10 CFR 20 was thought by Nite-Site, Inc to be included in the information given to our customers.

U.S.N.R.C. - Region III

(B) Nite-Site, Inc. would appreciate a copy of Appendix D of CFR 20 and when received, will immediately have copies printed and will distribute the copies to our customers.

(C) Date of full compliance - January 1, 1983.

Sincerely,

E.F. Knutsen
Director/Licensing
