Gentlemen:

SUBJECT: NRC INSPECTION REPORT NO. 47-15473-01/93-01

Thank you for your response of May 12, 1994, to our Notice of Violation, issued on April 15, 1994, concerning activities conducted under NRC License No. 47-15473-01. We have evaluated your response and found that it meets the requirements of 10 CFR 2.201.

Item 3 of your response states that your Quality Management Program for brachytherapy will be maintained by Charleston Radiation Therapy Consultants, Inc. and reviewed by the Charleston Area Medical Center (CAMC) Radiation Safety Office. As discussed between Mr. John Krepshaw, of your staff, and Mr. Michael Fuller of my staff, by telephone, on June 1, 1994, the responsibility for the implementation and management oversight of the Quality Management Program at CAMC resides with CAMC.

We will examine the implementation of your corrective actions during future inspections.

We appreciate your cooperation in this matter.

Sincerely,
