Gentlemen:

We are in receipt of your November 18, 1982, response to G. L. Madsen concerning our NRC Inspection Report 50-298/82-28.

Mr. James Kelly, Chief of the Physical Security Section, plans to visit Cooper Nuclear Station during the afternoon of December 8 and the morning of December 9, 1982. The purpose of this visit is to examine the protective resource systems and procedures for the main access area. It is intended that photographs will be taken of the pertinent features in that area for later study at the regional office. In addition, Mr. Kelly requests an opportunity to review directly, with the parties involved, the matters set out on pages 2 and 3 of your letter. Further, he wishes to discuss the staffing concept that you are currently employing.

Sincerely,

John T. Collins
Regional Administrator
