Gentlemen:

Firestone Tire and Rubber Company, Oklahoma City, has become Bridgestone/Firestone, Inc., through Bridgestone's purchase of all Firestone's stock. This purchase did not result in a change in the Firestone organization responsible for the sources which are the subject of this license. In particular, Bridgestone's purchase of Firestone's stock did not affect the corporate resources available for ensuring compliance with the NRC's regulations and license conditions. Accordingly, there does not appear to have been a transfer of byproduct material for the purposes of 10 CFR 30.41. However, the name on the license should be changed to reflect the current situation. Please amend our license 23-13617-01 as follows:

Section 2 Bridgestone/Firestone Inc.
