Offsite Dose Calculation Manual

Gentlemen:

Enclosed please find the Offsite Dose Calculation Manual (ODCM) which is being submitted in support of the Radiological Effluent Technical Specification (RETS) that was submitted by proposed Technical Specification Change No. 36 Revision 3, dated October 22, 1982.

Section 2.2.2 of the ODCM requires further revision to remove all reference to the food and ground pathways. The revisions will be made and submitted at a later date. This will provide consistency between Specification 3.11.2.1.b in the proposed RETS and the ODCM when implemented.

Very truly yours,

J. J. Carey  
Vice President, Nuclear
