

Note to Vogtle file (P90-09)

October 15, 1990

Had a telephone conversation with Mike Kohn regarding his submittal of October 1, 1990 supplementing his earlier filings in the Vogtle 2.206 matter. I asked him regarding the labelling of the October 1, 1990 document as "Confidential". He responded that he wished the document to be treated as confidential until the Hobby DOL trial as he did not want to tip off the other side. I advised him that, to keep the document out of the PDR, a written submittal would be required pursuant to 10 CFR Section 2.790. He advised that he would be making such a filing within a couple of days.
