Docket Nos. 50-443 OL

(Seabrook Station, Units 1 and 2)

MOTION FOR CONTINUANCE OF DISCOVERY DEADLINE

NOW COMES the Coastal Chamber of Commerce (Hampton Beach Area Chamber of Commerce), an Intervenor in the above named proceeding, and respectfully requests that the Atomic Safety and Licensing Board continue its December 15, 1982 deadline for discovery to June 1, 1983.

The Coastal Chamber asks for such a continuance because the burden the short discovery period has imposed on the Chamber's representative has precluded the submission of documents in a timely fashion. The Chamber's representative in the proceeding is an elected official and a portion of the discovery period very unfortunately coincided with the necessity of conducting a reelection campaign. Furthermore, because the Chamber was not able to fund any staff to assist the Chamber's representative, the onus of preparing the documents fell entirely upon her.

In view of the rescheduled completion and fuel loading dates submitted by the Applicant, the Chamber feels that this request is neither unreasonable nor unfair. The Chamber contends that the granting of this continuance would be in the best interests of all parties to this proceeding.

DS03

Respectfully submitted,

COASTAL CHAMBER OF COMMERCE
OF NEW HAMPSHIRE
(Hampton Beach Area Chamber of Commerce)
