Notification of Survey Location Removal
from Areas Previously Described in the
Termination Survey Final Report
Shoreham Nuclear Power Station - Unit 1
Docket No. 50-322

- Ref: (1) Long Island Power Authority Letter LSNRC-2101, dated September 30, 1993; subject: Termination Survey Final Report, Phase I
- (2) Long Island Power Authority Letter LSNRC-2144, dated February 4, 1994; subject: Termination Survey Final Report, Phase 2 and Application for Withholding Per 10CFR2.2790
- (3) Long Island Power Authority Letter LSNRC-2173, dated June 14, 1994; subject: Termination Survey Final Report, Phase 3

Ladies & Gentlemen:

This letter provides notification of survey location changes to the Shoreham facility which have occurred subsequent to the reports on Phases 1, 2 and 3 final survey status provided in References 1, 2 and 3, respectively. These physical changes involve the removal of survey locations previously surveyed and reported as such. This notification is provided as agreed between LIPA and the NRC staff, in order that NRC confirmation survey plans may be adjusted as necessary.

NWID.

These survey location changes are described as items in the enclosure. Table 1 of the enclosure lists: the survey unit number; the specific survey location numbers and/or point numbers for measurements included in the release record of the respective survey unit; and, the equipment or location removed or component identification number.

Please do not hesitate to contact me if you have any questions or require any additional information in this matter.

Very truly yours,

A.J. Bortz
Resident Manager
