FINDINGS AND DETERMINATION

Under Section 302(c)(10) of the Federal Property and Administrative Services Act of 1949, As Amended

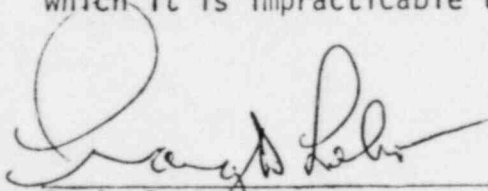

Findings

In accordance with the requirements of FPR, Part 1-3, I make the following findings:

1. The NRC proposes to procure by negotiation with Alderson Reporting Company, an extension of stenographic reporting services provided under Contract No. NRC-17-80-448-02, for the period from March 19, 1982 through May 1, 1982. The estimated cost of the proposed procurement is \$100,000.00.
2. Procurement by negotiation of the above described services is necessary to prevent interruption of essential services during competitive procurement procedures now in progress. The resolution of two bid protests resulted in the deletion of the small business set-aside provision from the Invitation for Bids (IFB), and the inclusion of the requirement for a small business and small disadvantaged business subcontracting plan, as required by PL 95-507. In order to allow sufficient time for the preparation and submission of bids on an unrestricted basis, it is anticipated that the time set for the opening of bids will be extended for thirty days.
3. Use of formal advertising for procurement of the above described services is impracticable since it would be a duplication of competitive procurement procedures now in progress.

Determination

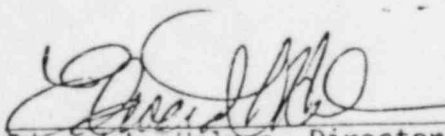

Based on the foregoing findings, I hereby determine, within the meaning of Section 302(c)(10) of the Federal Property and Administrative Services Act of 1949, as amended, that the proposed Contract is for services for which it is impracticable to obtain competition by formal advertising.

Contracting Officer

Date

As required by paragraph 1-3.101(d) of the Federal Procurement Regulations, I have reviewed and approved, () disapproved of the above described non-competitive procurement.
