IN RESPONSE REFER
TO FOIA-82-510

Dear Mr. Hafner:

This is in response to your letter dated October 24, 1982, in which you requested, pursuant to the Freedom of Information Act, access to all documents pertaining to the Pool Cooling Mode of the RHR for Shoreham Unit No. 1 (Docket No. 50-322) from March 1 to October 30, 1981.

In response to your request, we have completed our search for documents subject to your request and none have been located. We have been informed, however, that whatever information does exist has already been published in the Safety Evaluation Report (SER) (NUREG-0420, Section G.2.1.8(4)(g) and 6.2.2 and Supplement 1 of NUREG-0420, Section 6.2.1.8.0.).

Please note that in our second response to your FOIA request identified as FOIA-82-455, we provided you with information relative to possible additional information being available in NRC Inspection Reports on file in the NDR PDR and LPDR. Those same comments apply to this request.

This completes action on your request.

Sincerely,

J. M. Felton, Director
