FROM: B. J. Youngblood, Chief  
Licensing Branch No. 1  
Division of Licensing

SUBJECT: ACCEPTANCE REVIEW OF MARBEE HILL 1/2  
EMERGENCY PLAN

Public Service Company of Indiana has submitted its operating license application for Marble Hill Units 1 and 2. The Emergency Plan was submitted with the application and is provided for your acceptance review at this time. Please forward the results of your acceptance review by January 14, 1983.

If you identify additional information that will be required for your detailed review, this should be described in the format of requests for additional information using the NRC staff numbering system that identifies the cognizant branch/section and the number of each request from that branch/section. All requests for additional information from your review should be submitted to T. Novak from your AD or B. J. Youngblood from you as is done in the safety review.

If the application is found to be acceptable for docketing, we currently anticipate that your branch's inputs will be required as follows:

Q inputs to PM - 5/15/83  
Draft SSER inputs to PM - 12/01/83  
SER inputs to PM - 7/01/84

Please inform Paul O'Connor if you will be unable to complete your acceptance review by January 14, 1983.
