Gentlemen:

This refers to the inspection conducted by our Senior Resident Inspector, Construction, Mr. R. G. Taylor, during the period April through September 1982, of activities authorized by NRC Construction Permits CPPR-126 and CPPR-127 for Comanche Peak, Units 1 and 2, and to the discussion of our findings with Mr. R. G. Tolson and other members of your staff during inspection.

Areas examined during the inspection and our findings are discussed in the enclosed inspection report. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector.

During this inspection, it was found that certain of your activities were in violation with NRC requirements. You were notified of one such violation by our letter of July 7, 1982, to which you have responded. A second violation is forwarded as Appendix A to this letter and, consequently, you are required to respond to this violation, in writing, in accordance with the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Your response should be based on the specifics contained in the Notice of Violation enclosed. Details of the item enclosed with this letter are included in the enclosed inspection report.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosures will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
