OFFICE OF ENFORCEMENT  
NOTIFICATION OF SIGNIFICANT ENFORCEMENT ACTION

Licensee: Entergy Operations, Inc. (EA 91-006)  
(Waterford)  
Docket No. 50-382

Subject: PROPOSED IMPOSITION OF CIVIL PENALTY - \$37,500

This is to inform the Commission that a Notice of Violation and Proposed Imposition of Civil Penalty in the amount of \$37,500 will be issued on or about March 15, 1991 to Entergy Operations, Inc. This action is based on a Severity Level III problem involving two instances when the integrity of the plant's control room envelope was not maintained as a result of violations associated with the Control Room Ventilation System. In considering the escalation and mitigation factors in the enforcement policy, consideration was given to the licensee's prompt and extensive corrective action, generally good enforcement history, initiative in identifying the conditions, as well as the prior opportunities to identify these conditions, the duration of the conditions, and the fact that there were two examples of a failure to assure the integrity of the control room envelope. On balance the base civil penalty was reduced 25%.

It should be noted that the licensee has not been specifically informed of the enforcement action. The schedule of issuance and notification is:

Mailing of Notice	March 15, 1991
Telephone Notification of Licensee	March 15, 1991

The State of Louisiana will be notified.

The licensee has thirty days from the date of the Notice in which to respond. Following NRC evaluation of the response, the civil penalty may be remitted, mitigated, or imposed by Order.
