Gentlemen:

Joseph M. Farley Nuclear Plant
Simulation Facility Certification

Pursuant to 10CFR55.45, Alabama Power Company is required to provide the NRC information necessary for the certification of the Farley Nuclear Plant simulator as a plant-referenced simulation facility. 10CFR55.45(b)(2)(i) requires facilities proposing to certify plant-referenced simulators to submit Form-474, "Simulation Facility Certification", by March 26, 1991. Alabama Power Company is hereby submitting the Form-474 which certifies the Farley Nuclear Plant simulator as a plant-referenced simulator.

If there are any questions, please advise.

Sincerely,

J. D. Woodard
