SUBJECT: DEMAND FOR INFORMATION REGARDING KENNETH McCOY

Dear Mr. McCoy:

Enclosed for your information and use is a DEMAND FOR INFORMATION REGARDING KENNETH McCOY (DFI) that is being issued to the Georgia Power Company (Licensee) on this date. This DFI deals with your actions in providing information to the NRC on the Vogtle diesel generators and is being issued to obtain additional information to determine whether NRC should take further action to restrict your participation in NRC licensed and regulated activities.

You are invited to submit a response to the enclosed DFI, separate from the response to be submitted by the Licensee. We will consider any response that you choose to provide, along with the responses of the Licensee, in determining whether enforcement action that may impact your future participation in licensed activities is warranted in this case.

If you do respond, your response should be submitted in writing to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555 within 30 days of the date of the enclosed DFI. Should you have any questions on this matter, please call James Lieberman, Director, Office of Enforcement, at 301-504-2741.

Sincerely

A handwritten signature in dark ink, reading "James L. Milhoan".
