Re: Comment of the Western States Legal Foundation  
NRC Staff Draft Rule - Decommissioning of NRC-Licensed Facilities

Dear Secretary:

Since the filing of the Comment of the Western States Legal Foundation to the NRC Staff Draft Rule for Radiological Criteria for Decommissioning of NRC-Licensed Facilities in March 1994, we have learned that the Comment contained inaccurate information concerning positions taken by the EPA staff in parallel rulemaking procedures.

Consequently, we request that the first full paragraph of the Comment under the heading, "Radiological Criteria", be stricken from the administrative record and to not be deemed to be part of the Comment.

Very truly yours,

WESTERN STATES LEGAL FOUNDATION
