for the attention of Mr. John R. White

Ref: Routine Inspection No. 90-001 Docket No. 030-19342

YOUR REF.

OUR REF.

JERSEY CITY, N.J.

Gentlemen:

We are in receipt of your communication detailing the results of Mr. A. Kirkwood's inspection of our premises and operation. I have discussed the inspection and report of inspection with Mr. Casey Matthews and Mr. Richard Carlsen. Mr. Carlsen is in charge of our Radiation Safety Program and Mr. Matthews is our District Manager.

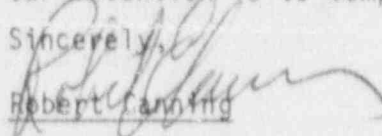

Concerning the violations cited in Mr. Kirkwood's inspection we have discussed our current program and discussed what we will accomplish to avoid future violations.

Violation A. We have and will continue to contract Siemens Gammasonics Inc. to monitor radiation levels of employees requiring exposure reports. Attached is the exposure report for for proper employees for the period mentioned in the violation. Mr. Carlsen is responsible for sending the badges on a monthly basis and maintaining the file. In order to assure this policy is followed we have determined that Mr. Matthews will inspect the file on a regular basis to ensure compliance.

Violation B. We continue to contract National Leak Test Center for required Alpha/Beta leak test. Mr. Carlsen is responsible for timely samplings being sent to National Leak Test Center. Attached we offer copies of test results as verification. The file was filed incorrectly at the time of Mr. Kirkwood's inspection. Mr. Carlsen is responsible for the accurate filing of the reports. We have determined that Mr. Matthews will inspect the file on a regular basis to ensure compliance.

Full compliance to avoid future violation will be effective immediately. Our intention is to comply and cooperate fully.

Sincerely,

  
Robert Carling
