Subject: Westinghouse Owners Group
Transmittal of Topical Report; WCAP-12910
"Pressurizer Safety Valve Set Pressure Shift"

Dear Mr. Jones:

Enclosed are twenty-five(25) copies of the Westinghouse Topical Report WCAP-12910 "Pressurizer Safety Valve Set Pressure Shift", (Proprietary).

Also enclosed are:

1. One(1) copy of Proprietary Information Notice.
2. One(1) copy of Application for Withholding, CAW-91-139.
3. One(1) copy of Affidavit, CAW-91-139.
4. One(1) copy of Copyright Notice.

The reports transmitted herewith each bear a Westinghouse copyright notice. The NRC is permitted to make the number of copies of the information contained in these reports which are necessary for its internal use in connection with generic and plant-specific reviews and approvals as well as the issuance, denial, amendment, transfer, renewal, modification, suspension, revocation, or violation of a license, permit, order, or regulation subject to the requirements of 10 CFR 2.790 regarding restrictions on public disclosure to the extent such information has been identified as proprietary by Westinghouse, copyright protection notwithstanding. With respect to the nonproprietary versions of these reports, the NRC is permitted to make the number of copies beyond those necessary for its internal use which are necessary in order to have one copy available for public viewing in the appropriate docket files in the public

document room in Washington, DC and in local public document rooms as may be required by NRC regulations if the number of copies submitted is insufficient for this purpose. The NRC is not authorized to make copies for the personal use of members of the public who make use of the NRC public document rooms. Copies made by the NRC must include the copyright notice in all instances and the proprietary notice if the original was identified as proprietary.

The enclosed report is submitted for NRC review and approval. The report presents the results and findings of Westinghouse Owners Group investigations into the Pressurizer Safety Valve Set Pressure Shift issue.

Note that at this time, only the proprietary version of this topical report, appropriately bracketed to identify proprietary information has been provided. This is consistent with the guidelines given in NUREG-0390, Vol. 6, No. 1, "Topical Review Status". Westinghouse will submit a corresponding nonproprietary version upon receipt of an NRC acceptance letter and SER.

This submittal contains information proprietary to Westinghouse Electric Corporation. In conformance with the requirements of 10CFR 2.790, as amended, of the Commission's regulations, enclosed with this submittal is an Application for Withholding.

Correspondence with respect to the proprietary aspects of this application for withholding should reference CAW-91-139 and should be addressed to:
